Skills for a secure future

## Certified Basel III Professional

### Certification Code VS-1236

Vskills certification for Basel III assesses the candidate as per the company's need to plan for potential risks which will help in the creation of a financial business strategy. The certification tests the candidates on various areas in stress testing frameworks & the changes in capital composition under Basel III.

### Why should one take this certification?

Basel III is the latest update to the world renowned Basel II framework. Financial institutions are quick to adopt this new framework because it tackles the weaknesses of Basel II and offers more advantages. However, as important as Basel III is for companies these days, companies think twice before hiring anyone who doesn't have a prior know-how of Basel-III.

Vskills Basel III program can help candidate differentiate in today's competitive job market, broaden their employment opportunities by displaying their advanced skills, and result in higher earning potential.

### Who will benefit from taking this certification?

Bankers, internal auditors, regulators and analysts who looking to find employment in Central Bank Policies and Framework or Risk management areas in various companies, students generally wanting to improve their skill set and make their CV stronger and existing employees looking for a better role can prove their employers the value of their skills through this certification.
