Certificate in Data Structures and Algorithms

Data Structure is a way to store and organize data so that it can be used efficiently. Our Data Structure tutorial includes all topics of Data Structure such as Array, Pointer, Structure, Linked List, Stack, Queue, Graph, Searching, Sorting, Programs, etc.

An algorithm is a procedure or formula for solving a problem, based on conducting a sequence of specified actions. A computer program can be viewed as an elaborate algorithm. In mathematics and computer science, an algorithm usually means a small procedure that solves a recurrent problem.

The certification covers basics of algorithm - O-notation and advances to search and sort algorithm and their analysis as applicable for trees and graph data structure.

Note: Please note that the course comes with online e-learning (videos) only. No hard copy will be provided.

Why should one take this certification?

The certification is a proof of your data structures and algorithm for software development and coding. The certification not only boosts the learning of the candidate but also acts as a platform to assess them as well.

The course covers the fundamentals of data structures and algorithms. The certification covers how to implement data structures and algorithms using Python.

The course covers

- Designing a linked list
- Differentiating static and dynamic array
- Constructing a binary tree
- Understanding call stack and tree recursion
- Grasp searching and sorting algorithms

Who will benefit from taking this certification?

The certification is of immense benefit to professionals engaged in software development or coding or IT department especially senior executives and managerial cadre candidates, to increase and demonstrate their skills in data structures and algorithms.

Test Details

- **Duration:** 60 minutes
- **No. of questions:** 50
- **Maximum marks:** 50, Passing marks: 25 (50%)

There is no negative marking in this module.

Fee Structure

Rs. 3,499/- (Excludes taxes)*

*Fees may change without prior notice, please refer <http://www.vskills.in> for updated fees
